

## *Welcome to the 2014—2015 season from the Committee*

*As you open the invitation to renew your membership for the new season no doubt you'll notice a few changes. The Committee decided it was time for a new look in order to make our publicity material more professional and to attract more interest in the Club.*

*As I said at the AGM we are keen to continually improve—so we have a new logo and a new website, thanks to Andrew Luyten, and we hope you'll agree a stunning new Programme leaflet designed by Chris Beynon.*

*Most importantly the new series of talks promises a really interesting and exciting season, so do renew your membership and come along and support us. Bring your friends too. We look forward to seeing you on 7th October.*
